

Arabian Chemical Terminals Ltd.'s (ACT) bulk liquid chemical terminal in Yanbu on the Western coast and in Jubail on the Eastern coast of Saudi Arabia , Chemtrade was the first , and remains the only chemical distributor in Saudi Arabia with a bulk logistics capability . This unique quality has enabled Chemtrade to build associations with the best and largest international chemical suppliers for the highest quality products as well as an efficient and timely service to its customers in a multitude of industries. Both terminals are equipped by on-site Laboratory and Drumming facilities. Chemtrade and ACT will enhance their leadership position in chemical distribution and logistics in the region.
