

The Saudi Company of Chemical Trading Ltd. (Chemtrade) is one of the largest chemical distributors in Saudi Arabia and the GCC Countries, serving the chemical raw material needs for a variety of industries in this region with the highest safety standards and customer service. With almost 40 years' experience without an incident , Chemtrade has gained a stellar reputation among both suppliers and customers and is a name synonymous with the highest quality of products and reliable services.

Through its affiliate, Arabian Chemical Terminals Ltd.'s (ACT) bulk liquid chemical terminal in Yanbu on the Western coast and in Jubail of the Eastern coast of Saudi Arabia , Chemtrade was the first , and remains the only chemical distributor in Saudi Arabia with a bulk logistics capability . This unique quality has enabled Chemtrade to build associations with the best and largest international chemical suppliers for the highest quality products as well as an efficient and timely service to its customers in a multitude of industries.
